OOPS!

CORRECTIONS

Town & Country offers the most complete land ownership maps for your county. Our research staff strives to search out the most up-to-date property owners (five acres or more). However, due to human error, in both our research staff and/or the court house records, errors do occasionally occur. Town & Country would like to request assistance from anyone who knows of any errors, omissions, deletions, etc. which may occur in our county plat books. For land owner corrections, please include the following: Township number, Range number, section or lot number, old owner and new owner names, acreage and county name. Write or call any information in care of our Research Department.

OOPS!

CORRECTIONS

Town & Country offers the most complete land ownership maps for your county. Our research staff strives to search out the most up-to-date property owners (five acres or more). However, due to human error, in both our research staff and/or the court house records, errors do occasionally occur. Town & Country would like to request assistance from anyone who knows of any errors, omissions, deletions, etc. which may occur in our county plat books. For land owner corrections, please include the following: Township number, Range number, section or lot number, old owner and new owner names, acreage and county name. Write or call any information in care of our Research Department.
